

ANTI-THEFT BACKPACK

ITEM 6909

El PET reciclado (RPET) es un material reciclado y, a su vez, reciclable, elaborado a partir de la reutilización del PET, un plástico usado, sobre todo, en la fabricación de botellas y otros envases para bebidas.

Recycled PET (RPET) is a recycled material which, in turn, can also be recycled. It is made from the reuse of PET, a plastic mainly used to manufacture bottles and other packaging used for beverages.
