

INSTRUCCIONES

1. Retirar pegatina de la base. Abrir cuidadosamente la tapa.
2. Enterrar levemente las semillas.
3. Regar abundantemente hasta ver salir agua por el drenaje
4. Colocar en un lugar con luz solar y mantener el sustrato húmedo.

RECOMENDACIONES

Se aconseja plantar durante los periodos de temperaturas suaves. Para un óptimo crecimiento es aconsejable no exponer la planta a temperaturas inferiores a 15° C.

INSTRUCTIONS

1. Remove the sticker from the base of the flowerpot.
Carefully take off the lid.
2. Gently plant the seeds into the soil.
3. Water abundantly until the water starts to drain through the pot.
4. Place in an area with plenty of sunlight and water the soil regularly to keep it moist.

RECOMMENDATIONS

It is recommended to plant the seeds during the warmer seasons. For optimal growth do not expose the plant to temperatures below 15°c.
